

FIREFLY

THE PLAYGROUND GUIDE

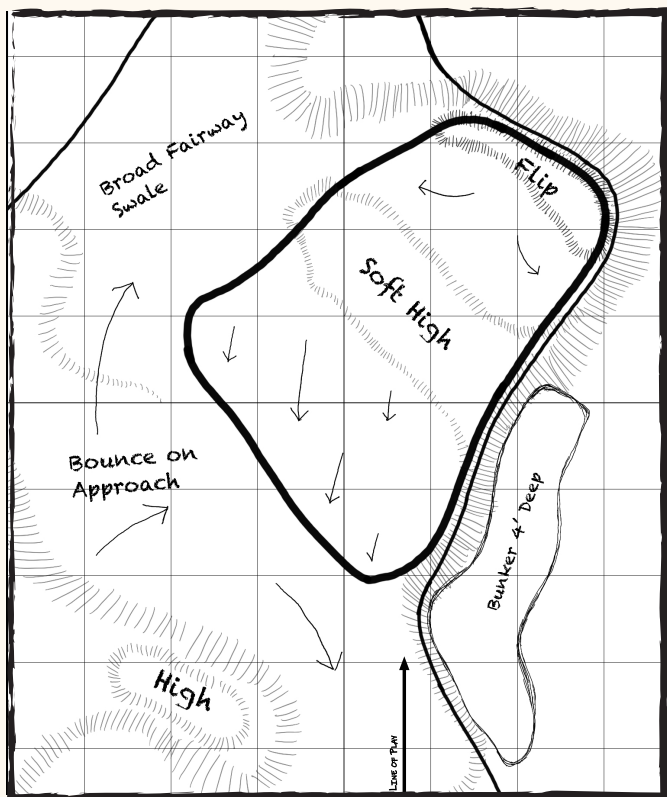

**PAR 3 SHORT COURSE
AS TOLD BY ANDREW GREEN**

HOLE 1 | 110 YARDS

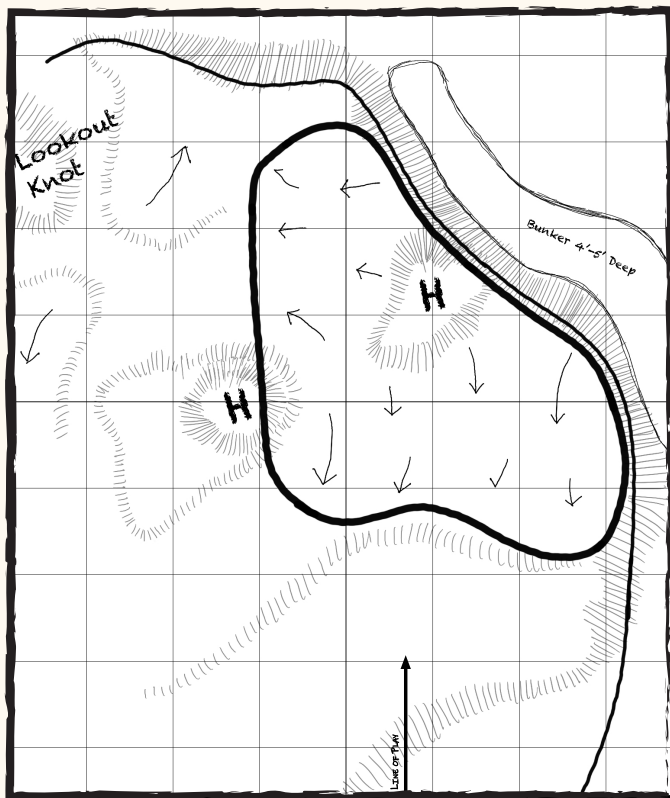

It's downhill, so don't forget to factor that in on the first swing. If you think you'll catch it clean, go a club down. If you're like me, take the number and trust you won't get all of it.

HOLE 2 | 185 YARDS

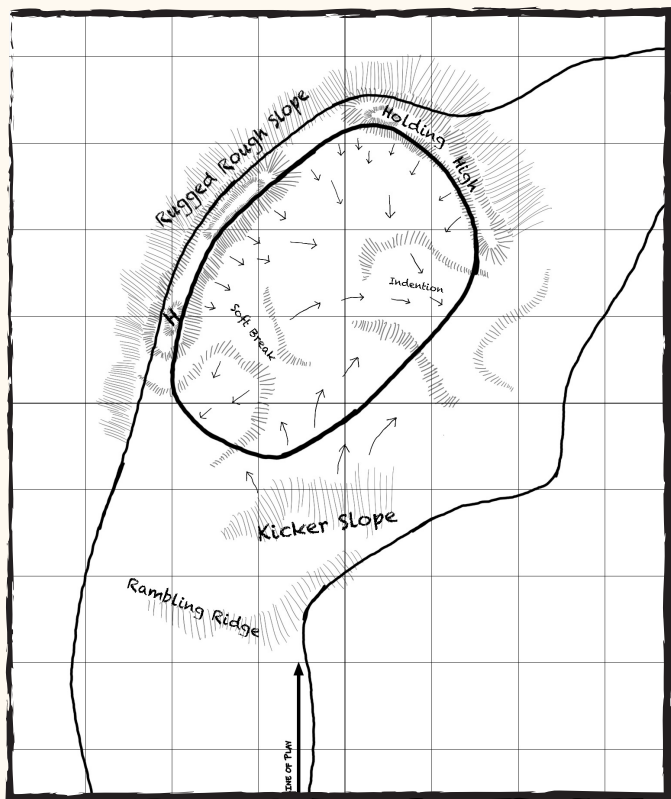

I'm sorry I did this to you on the second hole... it's long and tough. Just aim a little left and hope for a touch of ground or air slice.

HOLE 3 | 170 YARDS

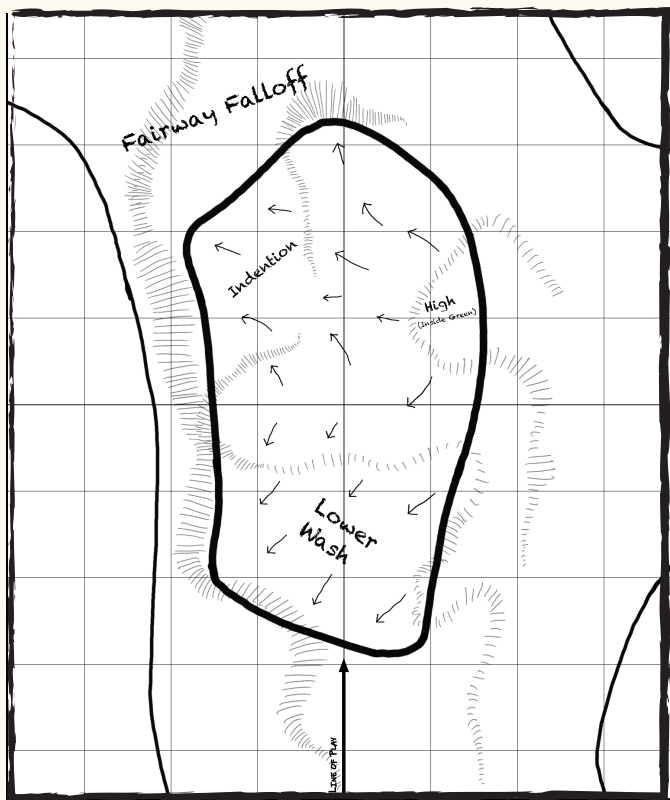

Two long holes in a row... not very nice. But hey, you've got to play all nine anyway, and I'm just trying to make sure you hit every scoring club in your bag.

HOLE 4 | 80 YARDS

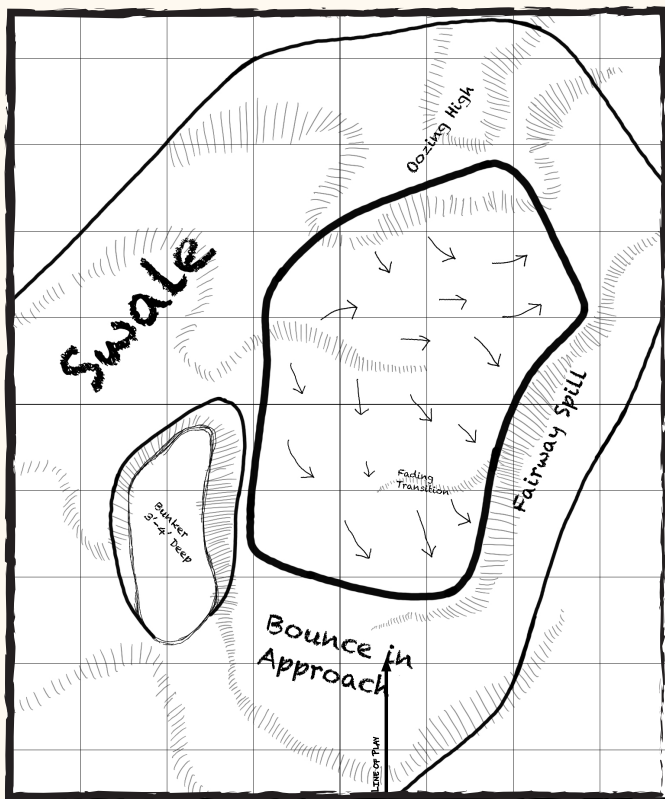

Finally back to a manageable distance... well, you can't see the green, so there's that. Seriously though, two keys here: look for the hole location when you walk off 3, and land it short — then use gravity.

HOLE 5 | 210 YARDS

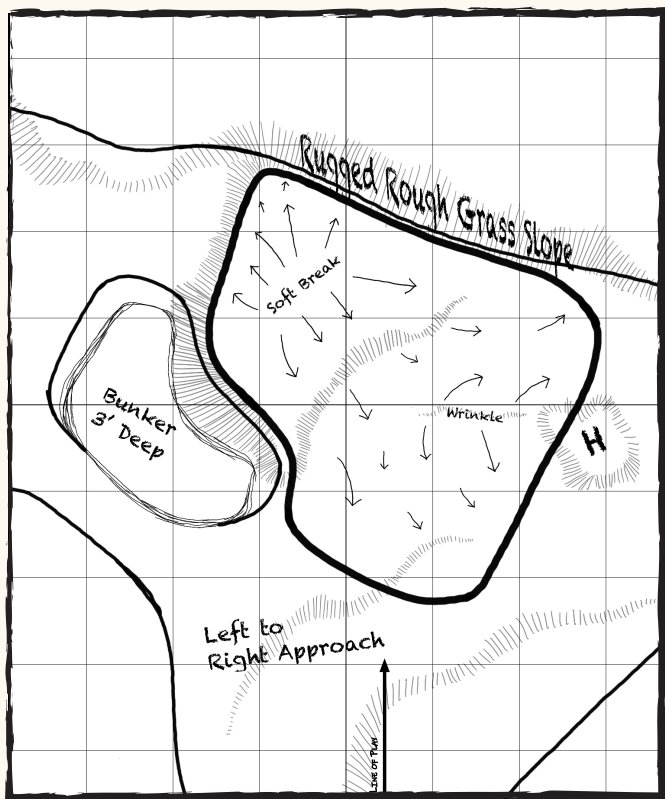

The longest hole on The Playground is a grind back to the clubhouse—don't quit. Play it along the ground from the right and avoid going more than halfway onto the green; it won't hold.

HOLE 6 | 155 YARDS

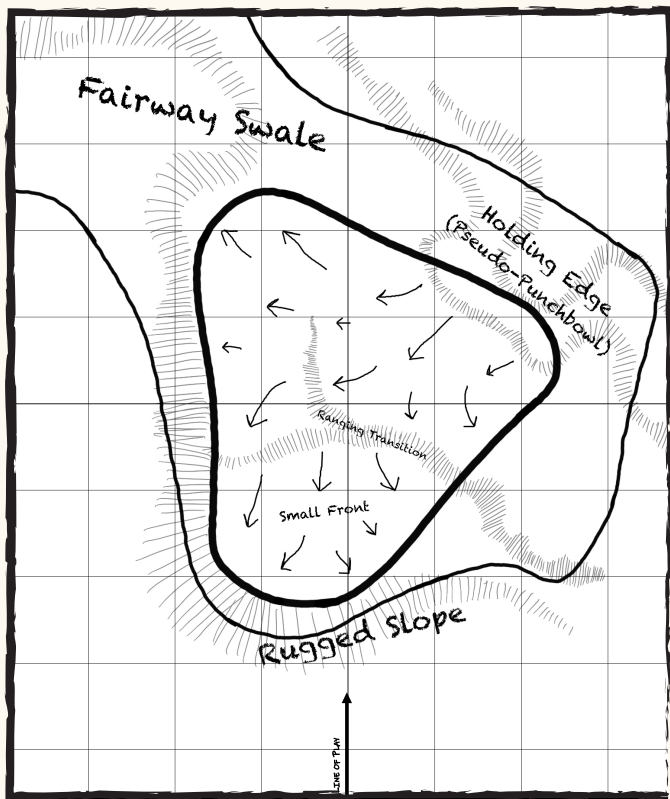

A breather hole... nice and steady. Just hit it straight and let the green do the rest.

HOLE 7 | 135 YARDS

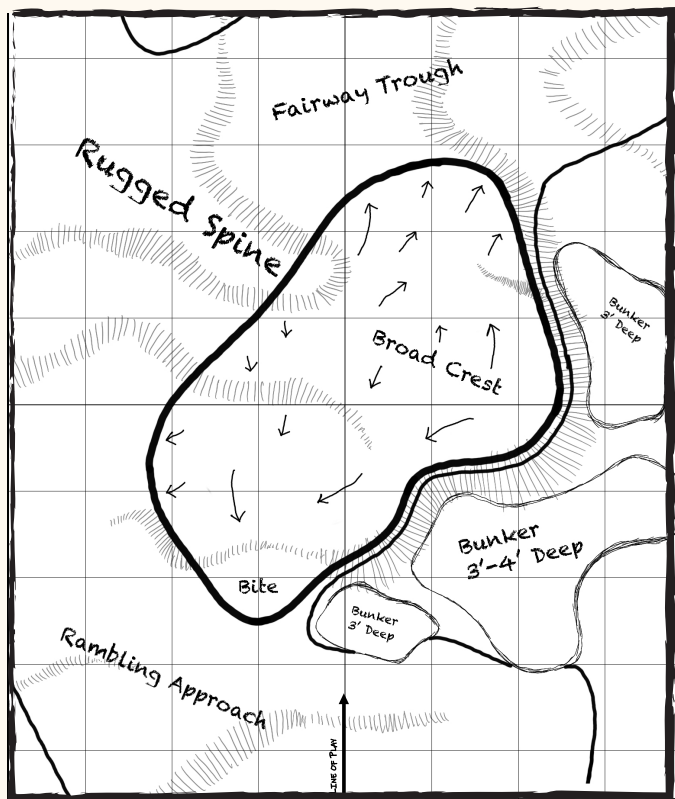

A little downhill, though probably not enough to change your club. Play left or right depending on the hole location, be bold... just don't miss.

HOLE 8 | 90 YARDS

Short hole over the wetlands — you've got this.
Just don't spin it too much or end up on the
wrong level.

HOLE 9 | 160 YARDS

Coming home, I used up the rest of my sand budget here... so don't let your shot leak right. But seriously, enjoy the journey and the view — the 9th green is a special place at Firefly.
